**Prospera Receives San Antonio Area Foundation COVID-19  
Response Funding**

Prospera is one of the recent recipients to receive funding from the San Antonio Area Foundation's COVID-19 Response Fund. The COVID-19 Response Fund was created by the Area Foundation and multiple partners, including the United Way of San Antonio and Bexar County, to provide general operating grants to qualifying area 501(c)(3) nonprofit organizations with deep roots in the community and strong experience in serving vulnerable populations. Funding received from the COVID-19 Response Fund will help Prospera residents located in San Antonio, New Braunfels and Seguin who need assistance in eviction prevention due to job loss or economic hardship.
